

Lesson from Our Lord
June 27, 1992

LOOK WITHIN
(in Jerusalem)

My dear one, Peace must exist in the cornerstone of your heart because **I am** to exist in your heart. Before Peace can escalate out unto others, it must encompass your being in totality, because I must encompass you in totality. This is the free will given to you through the creation of mankind. You are only to be willing and to have the faith of a mustard seed, and I shall consume you in Love.

By now, My dear one, you have seen what a mustard seed looks like; and you know the history of the parables relate in reality not only to the people of that age, but also carry over into today's generation. You look for a quiet place of peace to rest your weary head, but you have not looked within.

My people need to look within. There **I** lie, an inner contemplation living amongst an active world. If I call My loved ones to solitude in hermitage, then that grace is for those chosen. But most of My people are subject to living in an active world, as I walked; and they must flee within to find solitude in Me. It then would not matter where you are. The Peace, solitude and Love of contemplation would become the cornerstone of your soul, because **I** am the cornerstone of Peace in your soul. I dove into the Heart of My being, there to find My Father's Peace and to dwell in solitude, and there to rest My Head on My Mother for loving care. You also need to turn there for love and to care for one another.

The human needs the love of community and the touch of each other. Man was not created to live alone, but in unity. However, man was also created to give glory and honor to God and to praise the Creator for His blessing, both of which continue to be essential for freedom.

Dive into My Sacred Heart for the rejuvenation of your soul. Do not look for rest and Peace in outer sources. Look inside; and those who are willing to receive My Love and Peace will find Me. Here lies your protection and intimacy with God. Here rests total knowledge, the knowledge I grant you through your heart. Even though you have knowledge through the intellect of the mind, you have not knowledge unless it is processed and absorbed in love through your heart.

My dear one, in My time of human existence amongst My people, I worked hard. I was rugged and exhausted. I never ceased to teach My Father's Word and to have Mercy on those in need. I was crucified and humiliated amongst a market place of thieves and wild people, none who cared about the Mercy of God, in a common place where not one took heed of the Presence of the Son of the Living God.

I could not find Peace exteriorly because the world did not exist in Peace exteriorly. I came to save the world so all would have Life and Peace; but I dove interiorly into My Father's Heart for solitude, contemplation and the Peace of His Love. I then walked the back roads to freedom by walking the active world in the contemplation of solitude and Peace within where My Father dwelled.

I call all My people today to this same magnetic quietness of solitude which exists within yourselves interiorly, not exteriorly. I live within. It is where you will find rest in your busy world, and the guidance of the teachings of My Truth. Then you can see Me living exteriorly amongst all; but not before you have seen Me within, because there you will first see yourselves, and therein, Me.

The Son of Man is coming to verify the past truths and to collect His chosen ones. The time will come when all will experience the state of their soul. All will have to look within. It cannot be escaped. There, where the Peace of salvation exists, will freedom and protection lie. AD DEUM.
