Foundation Action

Taken So “All is not Lost”

Effective July 4, 2009 - Independence Day

The Foundation of the Sorrowful and Immaculate Heart of Mary Inc.^{1,2,3} (The Foundation) is a non-denominational 501(c)(3) charitable organization at the service of the Truth. The Foundation’s primary purpose is the rapid and accurate communication and dissemination of the messages from Heaven related to the private revelations⁴ associated with the apparitions of Our Lady of Emmitsburg⁵. In **PART I** herein, as a duty to The Foundation and in service to our mission⁶, we make statement of some policies and positions we deem now appropriate to clearly articulate. These regard all messages of the apparitions and associated private revelations as well as all related activities *within* the Archdiocese of Baltimore. We find that detailing the important circumstances leading up to this Foundation Action will best assist in explaining why we are now taking this Action. Then, in **PART II**, we commence what will be an ongoing effort to explain the importance of the message of the “two suns”⁷, whose appearance will signal intense imminent climate changes and other effects not all will survive. In **PART III**, besides encouraging people to continue to pray and how to prepare, we begin to detail what unfolds since that message, so that we may not be afraid in this time, which is not a time of a catastrophic end-of-the-world, but a time of true enlightenment⁸. As you can appreciate, there is no specific day or time, but the overall ambiance is now clearly affirming what Our Lady of Emmitsburg has foretold will come to pass. So we all must **prepare**. One preparation to consider is: Honor the inviting request of Our Lady of Emmitsburg to “Come to the Center of My Immaculate Heart,”⁹ Emmitsburg Maryland. Her “Center,” where - even in the absence of her suppressed public apparitions - she still assures all her children that it remains true all will receive abundant grace and blessings. To begin, it seems wholly appropriate to consider part of a message from Our Lady of Emmitsburg given in September 2008:

*“...My Son said, ‘Follow Me’; and He did not outline the way. So, go where He goes, where He takes you; and live in peace within our heart. In the midst of so many trials and tribulations it is most important now to live in peace within your heart, to be careful of what you say and how you say it. I have foretold a long time ago as to the events to unfold. This country is in more danger than perhaps the population understands. It is more than a crisis and it will affect the entire world, not only through monetary means, but through other issues as well. Remember, I said: When the time comes, there will be calamities, one right after another, so that you will not be able to keep up and focus on only one event. That is why you must be prepared. I have oftentimes invited you and told you that there is no time for fear, only time for change...”*¹⁰

Our Lady of Emmitsburg repeatedly assures us: **Be not afraid! I am not leaving! God has a plan! His plan involves change in “this end of an era.”**

PART I

- Circumstances of Deprivation -

As many of you know, Dr. Gianna Talone-Sullivan^{11,12}, the prophet intermediary through whom Heaven is communicating the subject messages via apparitions and locutions, in a letter dated October 13, 2008, made response to a Pastoral Advisory of the Archdiocese of Baltimore dated October 8, 2008. However, many do not know that Gianna Talone-Sullivan had written a personal letter dated February 11, 2008 to the then newly invested Archbishop O'Brien, in consult of the counsel of her spiritual director.

In that eighteen page letter, Gianna Talone-Sullivan sought to do the heartfelt courtesy of personally apprising the Archbishop of her very personal journey and situation regarding the private revelations she experiences. Due to many persons believing factual inaccuracies and untruths, being misinformed, having misunderstandings or erroneous personal opinions, and in conjunction with the well documented environment of rampant false witness and calumny, **The Foundation** can appreciate that Gianna Talone-Sullivan sought to send this letter clarifying her perspective to Archbishop O'Brien.

Gianna Talone-Sullivan made an exemplary commitment to Archbishop O'Brien, beyond the ordinary call of Catholic obedience to the Church: She gave her word that she would not only do what the Archbishop directed as a legitimate exercise of his episcopal authority, but willingly went further by indicating she would oblige whatever he *personally desired* regarding the matter of the private revelations she continues to experience.

No response from anyone representing the Archdiocese was received by Gianna Talone-Sullivan until after the Pastoral Advisory^{13,14} was directed to be disseminated at all parishes in the Archdiocese of Baltimore Western Vicarate at all weekend Masses of October 10th & 11th, 2008. At St. Joseph's Church¹⁵ Masses in Emmitsburg¹⁶ that weekend, a reading of the Pastoral Advisory was recommended to all parishioners in attendance and it was inserted into all bulletins, which were both made available and handed out. As is widely known, St. Joseph's Church hosted the original prayer group¹⁷ where Our Lady of Emmitsburg was giving her public messages to the world and which was ordered disbanded by an unsigned Archdiocesan communication in September 2000.

Continuing, on the following Tuesday, October 14, 2008 (which was one day after her October 13, 2008 dated response to the Pastoral Advisory disseminated the previous weekend), Gianna Talone-Sullivan finally received the Pastoral Advisory sent to her by Rev. Msgr. Robert J. Jaskot, Chancellor of the Archdiocese of Baltimore - curiously not directly from Archbishop O'Brien. Accompanying the Pastoral Advisory was a brief pro forma letter dated October 8, 2008 signed by Msgr. Jaskot informing her of the

issuance of the Pastoral Advisory by Archbishop O'Brien. Msgr. Jaskot also indicated he was praying that: "you (Gianna Talone-Sullivan) will practice the obedience you have promised in your prior communications" - an apparent reference to her promise to oblige the personal desires of the Archbishop made in her 18 page letter of February 11, 2008 sent personally to Archbishop O'Brien. A promise Gianna Talone-Sullivan continues to honorably keep, willingly and complacently.

To date, inexplicably, Gianna Talone-Sullivan has received no other response to her February letter, personal or otherwise, from Archbishop O'Brien.

It should be mentioned that an unsigned "Official Statement from the Archdiocese of Baltimore" appeared in the September 4, 2008 Catholic Review, the Archdiocesan newspaper. The article reiterated the widely challenged^{18,19,20} position and policy statement of the Archdiocese regarding the apparitions and associated private revelations, but with one addition. The last two sentences read: "To alleviate confusion²¹ among Catholics, the decree (reference to the fallible June 7, 2003 Decree Issued by Cardinal Keeler²²) further prohibits any public activity related to the alleged visions from occurring in the churches, oratories, and other properties of the Archdiocese of Baltimore. *There is no apparent evidence that this prohibition has been violated*" (emphasis ours). The last sentence is widely interpreted, by both clergy and laypersons alike, to be tantamount to asserting that the Archdiocese did not find that Gianna Talone-Sullivan and believers in the apparitions were disobedient²³, something a few still accuse.

Gianna Talone-Sullivan, devastated most by the implications the Pastoral Advisory would have upon Heaven's plans to help and assist humanity in the increasingly difficult times unfolding, and the even worse worldwide situation soon coming, with prompt obedience and with the approval of Fr. Kieran Kavanaugh OCD her Spiritual Director wrote a response. She made public a signed copy of her personal response²⁴ to the Pastoral Advisory which was dated October 13, 2008. In the response, also sent to over 250 US bishops, she states:

In light of the cautions from Archbishop O'Brien specifically addressed to me, I make the following points:

1. The monthly prayer group at the Lynfield Complex²⁵ will be suspended until further notice. I will not disseminate any information related to or containing any messages written or spoken, electronic or printed within the jurisdiction of the Archdiocese of Baltimore as outlined specifically in the Pastoral Advisory.
2. Neither my husband Michael nor I are members of the Foundation of the Sorrowful and Immaculate Heart of Mary Inc., and are no way responsible for its future activities.
3. Any written healings and testimonies can be sent to The Foundation of the Sorrowful and Immaculate Heart of Mary Inc., P.O. Box 505, Fairfield, PA 17320-0505.

Her response also included a poem she wrote down entitled: “Open Wide the Doors to Christ”. This poem was personally presented to Pope John Paul II in Rome on October 13, 2000. It is interesting to cite just a few lines of that poem in context of the current situation: “...Open wide the doors to Christ your hearts, followers. He will lead you into the journey of deeper mystery and greater clarity. Hold fast to what you hold followers. Never cease what you have committed to do. You sustain the members of His Body who are failing as co-workers of Christ. ...”²⁶

The Archdiocese of Baltimore ensured widespread dissemination of the October 8, 2008 Pastoral Advisory, by which many persons inappropriately inferred defamatory and incorrect conclusions regarding the private revelations and the visionary prophet. There is no evidence that any effort was made by the Archdiocese to use the same pulpits and means of social communications to ensure Gianna Talone-Sullivan’s October 13, 2008 response letter was promulgated. However, **The Foundation**, as a responsibility and a duty, made successful efforts to make the response available to the public and to many Catholic faithful, priests and US Bishops; as well as to certain Holy See offices and persons, including Pope Benedict XVI.

On October 15, 2008, **The Foundation**, in response to both the Pastoral Advisory and the Pastoral Advisory response of Gianna Talone-Sullivan, issued its first “Foundation Action.”²⁷ In that first “Foundation Action” considerations and conditions were stipulated. Those included civil and Catholic rights and responsibilities with respect to civil and canon law, respectively. Therein, **The Foundation** then also informed members and the public:

“...both in deference to the desires, opinions, and cautions of the Archbishop and out of concern to not jeopardize the standing or status of Roman Catholics within the Archdiocese of Baltimore in the profession of their faith, until notice otherwise, the Foundation will no longer sponsor the Monthly Marian Prayer Service. The entire future schedule for the Prayer Service at the Lynfield Event Complex in Frederick, Maryland is suspended. Notice of any further Foundation Actions will be promulgated as deemed appropriate by the Board of Directors in consult of spiritual and legal counsel.” (For those who are unaware, an *off* Archdiocesan Church property prayer group had for several years been conducted. Gianna Talone-Sullivan addressed this fact to Archbishop O’Brien in her February 11, 2008 letter.)

Rightly or wrongly, *within* the Archdiocese of Baltimore the Pastoral Advisory resulted in the Monthly Marian Prayer Service being suspended and Our Lady of Emmitsburg was suppressed from being able to communicate messages *via* Gianna Talone-Sullivan. In that diocese, it is not clear that any other free person has any legitimate binding obligation which censures, bans, restricts, or suppresses any civil or Catholic right to: listen to, communicate, or disseminate the messages. Outside that diocese, persons clearly remain free regarding the matter.

Given the abovementioned circumstances of deprivation *within* the Archdiocese of Baltimore, we find it may be helpful to restate and reiterate the five points²⁸ not yet refuted by anyone which were first published by **The Foundation** on June 12, 2009²⁹:

Important to remember are the following 5 points regarding the *ongoing* occurrences of the private revelations associated with the apparitions of Our Lady of Emmitsburg, which have been, since their inception **over 22 years** ago³⁰, perpetually and pervasively scrutinized:

[1] Full Obedience to the Church

Believers in Our Lady of Emmitsburg are verifiably obedient to the Church and the directive of the fallible June 7, 2003 Decree, most especially and visibly, the visionary and prophet and her family. No one has proven otherwise and, most notably, the Church has not found or proved any believer to be disobedient. But rather, the Church has even mentioned that to the best of their knowledge, the prophet and believers are practicing Catholics in good standing with the Church³¹.

[2] Nothing Contrary to Faith and Morals

Nothing in the content of any of the messages proceeding from the private revelations has ever been found to be irrefutably and certifiably contrary to Church teaching on Faith and Morals³². Falsities and fallacy aside, no one, including the Church's investigative Commission of Enquiry, has ever proven that any content found within any of the messages of these private revelations is contrary to Church teaching on Faith or Morals. This is most significant because for over 20 years the mystical phenomena have been under ongoing close scrutiny by many, including the Church.

[3] Attested Legitimacy - No Fraud

Neither the Church, nor any other party has ever proven Gianna Talone-Sullivan, the visionary and prophet, to be a fraud for any reason³³. No one has proven fraud attributable to psychological instability, physiological bases, or moral turpitude (deception, lies, greed, avarice, fame/notoriety, etc). In fact, the medical and scientific evidence indicate possible authenticity; as do as well: her moral character, psychological profile and mental health, and her physiological condition. The recent medical electroencephalogram testing confirms earlier results that the not-normal-to-human-existence ecstasies are consistent with authenticity. Also, proof does not exist that the visionary and prophet is perpetrating lies or participating in deliberate or inadvertent, vincible or invincible deception.

[4] Questionable Church Handling and Investigation

Eminent Marian and mystical theologians, academicians, intellectuals and others, both lay persons and religious, have already documented and are becoming increasingly aware of more and more fallacy and injustice³⁴ in the handling of the private revelations. Many of them conclude it is necessary that a new investigation be conducted as a matter of urgency. Their concerns include invalid reasoning in arguments, false assertions, violations of personal and civil rights, as well as many public and private examples of calumny, slander, defamation, abuse, and profane and unjustified vilification of the visionary and those who believe the private revelations associated with Our Lady of Emmitsburg to be authentic.

[5] Prophecies Upheld Valid

As regards the predictions detailing future events and happenings, none of the prophecies³⁵ have been determined to be invalid. No one has ever demonstrated conclusive proof, or supplied valid reasons why any of the prophecies can be deemed with certitude to be: “not possible to ever be fulfilled.” In fact, more and more of the many prophecies are being confirmed as fulfilled and many indicate to be unfolding now. While some persons have labeled some of the prophecies that involve the future: “apocalyptic,” no one has proven that any of them are contrary to Church teaching on dogma, faith, or morals. The Church has approved many apparitions as worthy of human credence having similar revelations which might also be termed apocalyptic. By simply terming or labeling prophecies “apocalyptic” does not proof of an invalidation make.

Even though the five points are not refuted, there are some who remain incredulous. Although belief in private revelation is not essential or compulsory, it is not an excuse for acts of defamation, calumny, or misrepresentation of the truth.³⁶ Some observe that a few of these persons who still do not believe in these private revelations:

- remain “*suspicious*” of inauthenticity;
- cling to false notions regarding the preservation of unity³⁷;
- have disinterest and are complacent and indifferent^{38,39,40,41};
- do not want to address, accept, be bothered by, or simply find annoying: the implications of a visit by the Mother of God;
- become frustrated at not being able to find proof of inauthenticity and frequently aspirate in exasperation⁴²;
- postulate the existence of some unknown or hidden invalidating information;
- isolate and entomb themselves within their own personal opinions;
- given an opportunity, speak their personal complaints, gripes, and erroneous viewpoints to those who will still listen;
- find ways to anonymously express their own doubts (internet blogs; secret meetings; the asking of misleading questions; sewing seeds of doubt, discord, and disinterest; etc.);
- blame Our Lady of Emmitsburg, the visionary prophet, or believers for what they perceive is a loss of friends;
- ostracize believers;
- do not, for whatever reason, acknowledge their own error, fault, and wrong - nor the truth;

With this background information, we can now move on to the policy and position of **The Foundation** regarding Our Lady of Emmitsburg related information *within* the Archdiocese of Baltimore.

- Policy and Position of The Foundation -

First, we can say, *it is not* the position of **The Foundation** that there is here an abuse of episcopal authority, asserted deliberately in desperation, or otherwise wielded as a club to bludgeon out of sight and out of mind, authentic charismatic grace of private revelations found inconvenient because arguments of reason and the facts have *not* adequately made certain proof of *inauthenticity*.

However, *it is* the current position of **The Foundation** that the exact wording of the Pastoral Advisory and the Archbishop O'Brien treble use of "strongly caution" and the use of the word "warning" clearly express his own *personal desires*. Therefore, **The Foundation** respects the Pastoral Advisory as expressing his own *personal opinion and desires*. **The Foundation** also recognizes the unique personal circumstances which have resulted in Gianna Talone-Sullivan honoring her voluntary prior commitment, over and above apparent required Catholic obligation, to freely and willingly oblige the Archbishop's personal desires.

Whether one believes the private revelations to be authentic or not, the extraordinary charismatic grace of believing and supporting them remains ongoing and widespread both within and outside the Archdiocese of Baltimore. The Pastoral Advisory, apparently and ironically, has caused increased confusion. Regarding this development, **The Foundation** finds it now prudent and necessary to clearly articulate its position and policy.

It is also the position of **The Foundation**, as custodian of most important records relating to the apparitions of Our Lady of Emmitsburg, we can delineate between two sets: Those coming before and those coming after the October 13, 2008 Gianna Talone-Sullivan response to the Baltimore Archdiocese Pastoral Advisory dated October 8, 2008. Again, for emphasis: In her response, she indicated voluntary willing compliance to her perception of the personal desires of Archbishop O'Brien.

Since messages and information prior to October 13, 2008 remain widely extant within the territorial jurisdiction of the Archdiocese, we do not deem it appropriate, or actually possible, to seek its collection and destruction in a "book burning" effort. Nor can we responsibly or conscientiously request censorship or support and enforce banning the material. We hold this position, especially in light of the serious content which addresses the grave predicament of humanity, imminent in "this end of an era". Therefore:

- Within the Archdiocese of Baltimore, as regards messages and information which remain extant that existed prior to October 13, 2008 related to the ongoing apparitions of Our Lady of Emmitsburg: **The Foundation** leaves enforcement to whatever is meant by the language of the three personal "strongly cautions" expressed in the "warning" of the Archdiocese of Baltimore Pastoral Advisory issued October 8, 2008 by Archbishop O'Brien, to be carried out by that Archdiocese and by the informed and good consciences of Catholics residing within that Archdiocese.

- Within the Archdiocese of Baltimore, as regards messages and information being given subsequent to October 13, 2008, related to the ongoing apparitions of Our Lady of Emmitsburg, including messages of advice, help, assistance, and warning: **The Foundation** as an entity will not deliberately seek to contravene the apparent *personal desires* of Archbishop O'Brien expressed in the language of the Pastoral Advisory in the "strongly cautions" paragraphs. **The Foundation** requests that Catholics within the jurisdiction of the Archdiocese of Baltimore, act with good and informed conscience in learning what is compulsory in the wording "strongly cautions"; especially taking into account the consideration of civil and Catholic rights and obligations as well as personal welfare, livelihood, and preparation for what has been foretold will come about.

We understand what is unfortunately at stake for the welfare of Catholics within the Archdiocese of Baltimore and remain prayerfully concerned. However, we regret we must ask that rather than write **The Foundation** regarding a change in our policy, we invite any concerns to be directly addressed to the Archdiocese of Baltimore, while making a "cc" copy to **The Foundation** for the record (Most Reverend Edwin Frederick O'Brien, Office of the Archbishop, 320 Cathedral Street, Baltimore, Maryland 21201; The Foundation of the Sorrowful and Immaculate Heart of Mary, Inc., Attention: "HAVE MERCY ON MARYLAND CATHOLICS APPEAL", P.O. Box 505, Fairfield, PA 17320).⁴³

These Foundation policies will change if there is a future Archdiocese of Baltimore policy notice definitively indicating to Catholics within the Archdiocese that they are to understand something to the effect:

"Archdiocese of Baltimore Catholics no longer should consider that there remain any *binding* Archdiocesan *personal desires* that Catholics are censured, restricted, or suppressed as regards the private revelations of Our Lady of Emmitsburg and the associated. Nor are these same Catholics to be deprived of any benefit derived or obtained from the loving words of help and assistance emanating from the private revelations."

Should the Archdiocese of Baltimore make a similar notice, **The Foundation** commits to immediately make effort to remedy the effectively suppressed and censored access to the messages and information. Those who have been deprived of the messages of help and assistance from Heaven, for whatever reason or due to any misunderstanding, will be encouraged to listen to and learn what Heaven is saying. We also regret that, in these times Our Lady of Emmitsburg has foretold will become increasingly troubled, those within the Archdiocese of Baltimore may now *not* have opportunity to receive these helpful messages of loving-kindness and assistance given to humanity from Heaven. She indicates that the coming events will affect the welfare and livelihood of everyone, including - and perhaps to an even greater extent - clergy and religious who have not responsibly promulgated the faith of Christ.

PART II

- Severe Space Weather and Dangerous Space Environment -

The Foundation remains steadfastly committed to inform and assist all people in understanding the importance of the messages of Our Lady of Emmitsburg (website: www.centeroftheimmaculateheart.org). For instance, it is the intention of The Foundation to continue to explain among other messages from Heaven, the significance of Our Lady of Emmitsburg's June 1, 2008 "message of the two suns"⁴⁴ and how to survive. So we commence to do so in this "Foundation Action" document and will continue to do so in future communications and enewsletters. At no charge, Enewsletters are received by anyone with an email address who sets up a membership account on The Foundation website⁴⁵ or can be viewed at any time in the archives at <http://www.tfsih.com/eNewsletter/eNewsletterArchive.aspx>. Also, all archived public messages from God the Father, Our Lord Jesus Christ, and Our Lady of Emmitsburg are there available.^{46,47,48,49}

Because most of the content of the Public "message of the two suns"⁷ is pertinent, we here cite completely what Our Lady of Emmitsburg informs and warns:

Our Lady of Emmitsburg Public Message To the World - June 1, 2008 through Gianna Sullivan

My dear little children, praised be Jesus!

Little ones, thank you for coming to pray. Know how much God loves you. He has given you tremendous gifts.

Children, for the last 20 years I have oftentimes spoken of "**change**." I have told you that there is no time for fear; there is only time for change. You must know by now that I have recently spoken of an arising of "two suns." **When you see the two suns on the horizon**, you must know that this is a time of *change*, a time of this *new beginning* about which I have spoken to you before. After you see the two suns, there is only a short time before **you will see a tremendous change in weather**. After this, as you know, there are more changes to come.

Children, God did not create only the Earth. God is the Creator of the cosmos, with its many galaxies, many orbits, different stars and different planets. God is the Creator! There are other planets like earth, far beyond your understanding.

I can tell you this: Even your governments and the Church authorities already have knowledge of the stars aligning and its implications upon you. **You must not fear but must be prepared, primarily spiritually.**

After awhile, you will see a time when there is another body in orbit around your solar system, coming between Earth and the Sun and leading to tremendous devastation. Approximately 60-70% of the world's population, as you know it, will cease. Of those who survive, 60% of them could die of **disease and starvation**.

Prayer is an answer! Prayer can mitigate much of anything to come. **Love and unity must be at the forefront, not survival of the fittest.** But I can assure you that secretly those in governmental positions around the world and Church authorities all know. As your Mother and with you as children of God, it is my duty to forewarn you and to draw you to my Son for protection.

Look not too far before you will see two suns. Make my words known to all people: **Life is important because God loves you. Those who are in control of the financial world think differently.** But I your Mother know what true Life is!

So prepare, spiritually prepare. You will always be with my Son if you trust. God has a special plan, a new beginning! Look to Him; and do not fear, but love with all your heart.

I look to you, and I answer your prayers. Even if you are a sinner, and even if you were wrong, I come for your intercession. Now you must remove your “self” from your desires and look to help all people. Peace to you (fading whisper).⁷

Our Lady has said even more about the “two suns.” As she did in the following excerpted messages:

“...If in the past, during the times of other prophets, God the Father or my Son would have revealed something about the future, something *not* yet even conceived in thought during the time frame of those prophets, they would have been even more ridiculed, and each of their deaths would have been even more horrific than it was. If a message came, back in the time of those prophets, of “two suns,” let alone that the world was round, what would have happened? You see, God uses prophets in a timely fashion to outline at the proper time a futuristic event; and yet, to outline a way to bring about—through prayer and change—a *new* beginning, and the consequences of that *lack* of change. **So, in God's infinite Wisdom, through time and through the technology of today which was not present in the past, you can be enlightened through wisdom of many events of the future. ...”** (OLOE Private 09-01-08)

“...For those who do not pray and do not believe, then there is a problem; because, at the moment of death, they will have to meet their Creator. Then they must decide to atone in remission for their sins or never to see God, ever again. There is yet another element. For those, the “unborn,” (including those felled by illicit procured abortion) they too meet their Creator; and they in turn, pure as angels, are safe. If you now are concerned for those who have the angel of death at their door, think of this: With the stars aligning and moving in their own orbits, what is to come, sooner than you know, could result in the death of seventy percent of this world's population. When you see two “suns” in the sky, wherever you are, come home to your* Center of my Immaculate Heart. There you are protected. Prepare now, and be the ‘light’...” (OLOE Private 05-26-08) *That “Center” can also reside within each of our hearts.

Now it is true, looming large over the fate of humanity, are the many threats to life on Earth sourced from our space environment and living with our sun.⁵⁰ Indeed, the US government has invested billions of dollars in technology to understand and anticipate the potentialities. By doing so, humanity can become enlightened about “many events of the future.” Dozens of satellites^{51,52} with specialized scientific instrumentation have been launched and put into orbit or put on specific trajectories to observe our sun in its circum-heliospheric interstellar medium. Some of these

satellites also observe our sun's effects upon the earth and its magnetosphere. Not only do many Governments have the same kind of satellites, but also many other satellites observing other aspects of our solar system, the Milky Way galaxy, and the rest of the universe.^{53,54,55,56,57} Additionally, there are even more numerous communications and navigation satellites. Made possible by modern technology, the Governments of many nations, and the Church with its "Vatican Observatory⁵⁸", have amassed much knowledge about our space environment and its implications upon humanity. There are too many people who today remain unaware of what is already known, and the implications to life on earth.^{59,60,61,62}

Many do not know what would happen if a geomagnetic storm occurred of a magnitude similar to the 1859 Carrington Event. It could result in trillions of dollars of damage taking several years to repair⁶³. Modern society is built upon and depends upon electricity being reliably and readily available. The power grid, that is, our electricity, is at risk. Geomagnetic storms can cause our power grid to fail. There are multiple inter-dependent critical systems in jeopardy. Should an unprecedented geomagnetic solar storm occur, the scenarios to consider indicate an unprecedented catastrophic situation. "Imagine if technology is wiped out - no communications, no way in the least of having the proper tools to communicate. What would you do? How would you exist? What will you do when you see flares flying as if in a shower, balls of fire coming upon you? And yet, it is not the end of the world. What will you do when you see this? Are you prepared?" Seeking answers to these types of questions and possible preparations is something the US government sought in 2003:

On October 30, 2003, the House Committee on Science, Subcommittee on Environment, Technology, and Standards held a hearing on space weather and on the roles and responsibilities of the various agencies involved in the collection, dissemination, and use of space weather data. Testimony was given by representatives from NOAA, NASA, and the USAF as well as by representatives from different industries. ... Coincidentally, and rather remarkably, at that very time the Sun exhibited some of its strongest eruptive activity in the last three decades. Enormous outbursts of energy from the Sun during late October and early November 2003 produced intense solar energetic particle events and triggered severe geomagnetic storms... ... These events reminded scientists and policy makers alike how significantly the space environment can affect human society and its various space - and ground - based technologies. Motivated by the October-November 2003 events (popularly known as the Halloween storms of 2003), the Committee on Solar and Space Physics (CSSP) of the National Research Council (NRC) began to consider the need to assess systematically the societal and economic impacts of what is now known widely as "space weather."⁶⁴

Our Lady of Emmitsburg, our Most Blessed Mother, wants to prepare and inform all her children. Please know: All satellites are at risk from severe space weather caused by solar flares and coronal mass ejections from the sun as well as by the direct and/or indirect effect of meteors, asteroids, and comets. It is the same for life on earth.

Some may know of theories attempting to explain the 9 to 14 year solar sunspot cycle⁶⁵ (typically 11 years). Within our gaseous sun⁶⁶ are regions called the core, the radiation zone, and the convection zone.⁶⁷ The visible solar atmosphere regions, from closest to furthest from the core, are the photosphere, chromosphere, and corona. Observing the sun with technologically advanced scientific instruments provides us valued information in predicting severe solar storm threats in the vicinity of the earth. That is why assiduous and concerted efforts are made in collecting, monitoring, and analyzing data.⁶⁸

The solar wind emanating from the sun provides us invaluable information. This includes the spatial distribution of velocity (kinetic energy) and intensity of particles (alpha, beta, and heavy ions and cosmic rays). Also, being continuously monitored are solar sourced: visible, ultraviolet, infrared spectrum light and radio frequency electromagnetic waves; solar magnetic field activity; and the intensity of high energy X-rays and gamma rays. Both ionizing particle and electromagnetic radiation⁶⁹ (rays) coming from the sun cause satellite disturbances and failures. They both interact with the earth, its magnetosphere, and its ionosphere. Because light waves and all electromagnetic waves travel at the speed of light (in a vacuum), once a significant solar disturbance is detected, we have some early warning on earth as to when soon-to-follow geomagnetic solar storms and ionizing radiation events will occur. By making measurements of the electromagnetic radiation with sensors able to detect different wavelengths (or frequencies), predictions about the later coming solar wind containing heavy ions, alpha particles, beta particles, and magnetic field anomalies can be made.

Some theorize that the sun's dangerously explosive solar flare and coronal mass ejection activity can be linked to causing earth terrestrial weather. Others focus on the measurement and causes of space weather itself. Since dangerous-to-earth and dangerous-to-earth-satellites coronal mass ejections and solar flares are linked to the sunspot cycle, accurate predictive future sunspot forecasts are being heavily researched. Predictive space weather models can include consideration of: historical sunspot cycle data; current sunspots and the photosphere; solar magnetic fields and solar prominences; the chromosphere and solar flares; the corona; solar sourced proton flux, X-ray flux, electron flux; and the aggregate effect of the solar wind upon the earth's polar corona (aurora borealis – northern lights). Yet others look into the effects of solar system planetary alignment; the possibility of significant unknown errant elliptic orbit bodies and those possibly on hyperbolic trajectories; the effects of the sun's oscillatory alignment with respect to the equatorial plane of the Milky Way Galaxy (albeit of extremely long periodicity); the current and future constituency of the interstellar medium through which our solar system is traveling; intra-galactic supernovas; quasars; and peculiar stellar alignments. Space is not an empty void. Within our solar system, there are many plausible threats and dangers to life on planet earth – our planet and our very own life. Outside our solar system there are yet other threats.

For those who remain incredulous of a supernatural cause sourcing the phenomena foretold by Our Lady of Emmitsburg, such as the miracle of the sun at Fatima, or any biblical miracles occurring in nature, at least the plausibility of natural causes can be considered. For instance, absent a supernatural explanation, an historic intra-galactic supernova is perhaps the most plausible explanation for the time when we will see “two suns on the horizon”. In fact, some document that there are already such events recorded in history. “The End of This Era: A Linkage of Science and Religion” details some of this history. It is a concise book first published towards the end of 2008, it was written over a five year period by Professor Courtenay Bartholomew, **The Foundation’s** “Ambassador at Large”⁷⁰. It is his newest book and **The Foundation** highly recommends it be widely read to gain a clearer understanding of the times in which we live.⁷¹ Discussed in the book is how an intra-galactic supernova can create a situation where “two suns” will be observed as seen from our perspective on earth. Indeed, scientists are currently monitoring dying red giant stars which, at the end of their life, run out of nuclear fuel in their cores and explode into supernovae.^{72,73}

There are also some, who seek to predict the amount of energy and effects of a nearby exploding intra-galactic supernova; specifically, what would happen in our solar system and to the earth. Although a intra-galactic supernova remains most plausible in explaining how “two suns” could be seen by humanity on earth, whatever the cause, when “two suns” appear, Our Lady of Emmitsburg indicates it will signal a time of change. There will soon follow tremendous changes in the weather.

As regards another point of Our Lady of Emmitsburg’s June 1, 2008 message, she also predicts a future orbital will pass between the earth and sun leading to tremendous devastation and harm to humanity. It is quite conceivable and plausible that such a body can have both direct and indirect effects, with the indirect including effects upon our sun⁷⁴, which in turn can affect earth.

Space objects called near-earth asteroids (NEAs) and potentially hazardous asteroids (PHAs) are continually monitored. PHAs are space rocks larger than approximately 109 yards (100 meters) that can come closer to Earth than 4.65 million miles (7.5 million km). None of the known PHAs is on a collision course with our planet, although astronomers are finding new ones all the time.⁷⁵ For instance on June 1, 2009 an approximately 69 foot (21 meter) space rock passed between the earth and moon about $\frac{3}{4}$ of the distance from the earth to the moon or about 167 thousand miles from earth.

Further, mention should be made of the earth’s magnetic field: the “magnetosphere.” The earth has a molten iron core that rotates. It is the source of what is called our magnetosphere and our magnetic North and South Pole. The earth’s magnetic poles drift, that is, they are not constant.⁷⁶ Also, by measuring iron alignment in various lava flows, scientists have discovered that the earth’s magnetic poles have “flipped” about 100 times or, on the average, about every 250,000 years. This means what a compass will show as the magnetic North Pole, after flipping, it

will be in the opposite direction. This means what is now north becomes south, and south becomes north. The poles flipping is much overdue, they haven't flipped in 780,000 years. Some believe there is evidence that they have begun the next flip, a process which started about 100 years ago and could take hundreds to a 1000 years.^{77,78,79}

The magnetosphere, most importantly, protects the earth and its inhabitants by acting as a protecting shield. It shields us from being exposed to the harmful effects of solar wind 'ionizing radiation' blown at earth by our sun ('ionizing radiation' is of sufficient energy to dislodge electrons or nuclear particles from atoms)^{80,81,69}. The 'solar' magnetic field from the sun constantly interacts with the earth's magnetosphere. There are two belts within the earth's magnetosphere, called the Van Allen belts. They are like large doughnuts around the earth that trap potentially dangerous-to-life ions, alpha particles, and beta particles. They exist because of our earth's protective magnetic field. The magnetosphere also acts like the bow of a boat traveling through water. This means much of the solar wind is diverted around the earth by the magnetic field of the magnetosphere. Upon a pole reversal, it is not clear what devastation will occur should the protective Van Allen belts collapse. Way more frequently than the period of time between magnetic pole reversals, the sun hurls geomagnetic storms at the earth and the earth's magnetic field is affected.⁸² Sometimes, with storms of significant magnitude, it can be compromised such that electronic technology on earth can fail due to excessive induced electrical currents and voltages.^{83,84} This is what happened in the 1859 Carrington event and many times since. Also know, large tears or holes can occur in the earth's protective magnetic field.⁸⁵

To summarize: The earth upon which we live continuously encounters space weather predominately caused by our sun. It sometimes gets severe and causes damage and failures to both satellites and technology on earth. The protection of the magnetosphere may become compromised, endangering life on earth. We continue to be pelted with meteors. The earth could be pummeled by a significant asteroid at sometime in the future. Our Lady of Emmitsburg has asked us to prepare, primarily spiritually; to prepare, to pray, and to unite. When we see two suns on the horizon, know that change is imminent.

PART III

- Other Important Unfoldings -

Other messages from Our Lady of Emmitsburg detail many other things that are now unfolding and are yet to come. Here below some are reviewed.

Financial Meltdown:

In the first “Public Message to the World,” given August 27, 1992 in Scottsdale, Our Lady said:

“...You cannot love your countrymen if you do not love yourself. You are walking ways of power instead of love. The greatest sin is that which destroys love. This is urgent! The effects of this are causing jealousy, hatred, killings and divisions. War, power struggles and economical warfare are surfacing from the lack of love. ...Your love of gold and silver is about to become glittering dust and be swept away. Spiritual warfare exists in the heavens, and you must now live in the perfection of your faith. The wicked are convinced that they are invincible, but they are not....”
(OLOE Public 08-27-92)

Many conceive that this prophecy has begun to unfold. Indeed, regarding money, finance, and the world’s economies, Our Lord and Our Lady of Emmitsburg have also said:

“...This country is in more danger than perhaps the population understands. It is more than a crisis; and it will affect the entire world, not only through monetary means, but through other issues as well. ...” (OLOE Private 09-20-08)

“...This is a time period when humanity will come to know that the world is run not by the ordinary people who think they have freedom within this world. There are simply a few people who run the economic and the religious systems of the world. The economic, religious, political and the monetary systems of the world are under the control of a few people. So in many areas, the world's people think they are free, but they are not. It is time now for Satan to be put into the dungeon where he will be held in bondage so that my Immaculate Heart can free all my children and allow all to come to their Savior in innocence and purity. The deceitfulness and slander of the world is about to be exposed, at a price of course, a great battle. ...” (OLOE Private 05-16-03)

“...Right now there is much unfolding in the world. The lack of peace in the world and the fight for the monetary and economic control of the world are two entities merging, politically and religiously, forming into a head, as if a volcano about to erupt and destroy all the earth. Only that which remained would be the dark coals burning with fire. The brightness of that Light itself would however be enough, just as my children being purged and purified would be enough to be an offering to God to change all of humanity. In this symbolism you may not realize the parallel with sin. Sin must be purged, and the Truth of God must erupt as a volcano. The dark coals are those who have wasted away, but the glowing red heat is that which continues to give Hope and new Life because of the Light of Christ. ...” (OLOE Private 05-25-03)

“...Those who choose to ridicule and slander the words I have spoken to each heart and who choose recognition through worldly props, such as money, choose to walk with Satan. There are many empty seats on My Throne because many of My people have not believed that I extended an invitation to them to be My saints. There are now still available spaces for saints to come, if My people believe sainthood is attainable through humility and lack of pride! It is not their humanness I want, My child, it is their souls. ...” (IAYJM LESSONS Vol II #23 12-04-89)

“...I tell you about the different types of people, child, because they all belong to Me. They all are good, but need the grace of My salvation. Those people who do not belong to Me are those who have given their souls to the evil one! They are those who worship idols, and do not practice doctrine of My Church. They are forever gone because they choose to walk with Satan! Those who fall into the trap of evil can be saved through prayer and devotion. However, those who turn away by their own free will from the Trinity, lose life forever. ...” (IAYJM LESSONS Vol II #27 12-18-89)

“...My dear little one, the time of Satan's reign is ending and, soon this world will know that the God of Glory truly exists! All deceptions will be put aside, for the Truth of God's reign will be revealed. Soon all will realize that their current stresses and worries are irrelevant and trivial compared to what is to come at the destruction of your own hands. ...” (IAYJM LESSONS Vol IV #82 08-17-92)

“Satan's reign is only short. He told My Father that no one will desire to follow His Way because the people desire their freedom of mortal life, and to live by the way of monetary measures. My Father told him that those who are chosen will follow only the Way of Light, but Satan is convinced that he can prove My Father wrong due to “free will”! So My dear ones, the war is in the heavens, but you are all subject to its effect, because Satan wants you as victims. My Mother continues to pray for you and to teach you of life's true happiness, that of surrendering and living as whole persons through simpleness, devotion and commitment in purity to God. ...” (IAYJM LESSONS Vol IV #90 05-01-92)

“...Due to the lack of response from many people to love, pray and live in faith, these days are filled with confusion, anger, crime, pride, chaos and little love. You need time to change, little children, and there are few who are utilizing this time of Mercy by responding to God's call. There are currently subtle evil forces in your midst which can only be recognized and fought victoriously through constant prayer, Love and faith in God. The apostasy of the Church is at hand, little children; and it is necessary that you return to God in faith, love and unity without delay, for days ahead will become increasingly difficult. Only those who are steadfast in faith will be able to patiently endure the many hardships in the Peace of God's Love. ...” (OLOE Public 08-24-95)

“...The apostasy of the Church is at hand, because of the many who have neglected the Holy mysteries and Sacraments. There are many priests who have not been reverent and pious in the Holy Sacrifice of the Mass. Many have lost their dedication to God **due to their love of honor and pleasures**. Many people are neglecting prayer because they have placed their interests above God's interests in their order of priority. People are not willing to risk all for God because they are afraid about the things they cannot see. This reluctance to surrender is an element of control due to lack of faith and trust in God. There are many now who even question whether God exists. The forces of evil have entered into the minds of many people because they

have neglected prayer. Through lack of prayer and merciless actions, mankind is asking God to abandon it to itself. ..." (OLOE Public 08-31-95)

"...God must be at the center of your life, in all your activities, in your plans, in your thought process and in your heart. Beware of the evil subtleties currently in your midst. Your future is being molded to surround a monetary system. Be alert to a cashless society developing around the world and the forces of power which will manipulate and ultimately restrict your freedom⁸⁶. If you pray, you will be able to discern what is of God with a clear mind. If you do not return to God now and allow Him to open the vessels of your heart clogged by deceit and self-righteousness, you will not be able to avoid the traps of evil. Do not wait until God's warning strikes the souls of every person in this world for it will be very difficult to respond and change. Please respond now to God's call. There will not be much time after God's warning for the fire of purification to befall you. Some events are inevitable. Pray with all your hearts that you will be able to persevere in your faith and not turn from God. Receive the Sacraments while they are available. Pray. Pray. Pray, little children, and ponder God's Mercy. ..." (OLOE Public 05-09-96)

"...Never lose sight, little ones, that all the wondrous resources you have are a gift from the Love of God. Never be so bold as to neglect His love, or your message of not desiring His gifts will be clear. Thank Him and bless Him for all you have received and for all He desires to give to you. There is tremendous devastation already in the world due to neglect of His Love. The United States of America's abundant resources and graces stem from God's great Love. If you lose sight of this Truth, you will jeopardize its future growth and be in tremendous danger. ..." (OLOE Public 11-07-96)

"...There are other forces trying to distract you and entice you so that you will be pulled away from the one true path of everlasting Love. There are some souls which are totally possessed by these forces and are in a position of world power. In order for the soul to live for all eternity, it must know Love. The fate of eternal life is NOT proportional to the amount of power or financial influence you exert, but to how you have loved. Pay attention to walking in the simplicity of God's Love and to those areas in which you can love more unconditionally. Do not be distracted by focusing on desires for worldly possessions. There are already philanthropists arising to the forefront who by exerting their monetary influence are gaining world power which will soon affect your world's economy. They have forfeited their eternal fate by their choice of temporary pleasures. Stay alert to avoiding fame through financial control, and remain simple and humble of heart. This exercise is not intended to inhibit your growth, achievements or happiness, but will be your protection in the near future. ..." (OLOE 09-25-97)

"...Now this world, dangerous as it is, will continue to be even more dangerous, because of the philanthropists and people who are in charge of the money of this world. You may think you are free with your change. You do not know that you are being manipulated and guided, not through worldly enticements, but by a few people who are in charge of the economic well-being and affairs of the world, not just this country. As things continue to surface and intensify with tensions in both political and religious affairs, you will see evil at its greatest. You will see the face and hand, not of God, but of him who desires to destroy. Only those who are meek and humble of heart will be able to persevere. The battle is beginning, but so too the unveiling of

my Son's Divine Mercy. Very few shall survive, although many will be invited. It is hard to say "yes" in times of tribulation and suffering. ..." (OLOE Private 04-20-03)

"...The world, as you know it, cannot continue, if it continues in this format of greed, neglect, and the lack of moral values, and with this false sense of safety and of being indispensable. Look to God! ..." (OLOE Private 10-22-07)

The Immoral Take Increased Office and Position:

God is Love. We are created through Love to love. Our vocation is to love. How easily we become distracted. Jesus is God. Since God is Alpha and the Omega, the beginning and the end, it can be said the *End* of all *means* must always be Jesus. Recent elections have swept into public office many who support the '*means*' of legislation and policies which result not in the '*End*' of '*Love*', but in ends otherwise. Unfortunately, this now includes that the '*means*' executed in the cases of some unborn result in seeking the end of death, that is, the end of life for them. Some unborn are to be eliminated through illicit procured abortion. Tragically, some of our newest public servants have made many other appointments of like-minded confreres to positions and seats of power. How can we love and choose to kill, eliminating the unborn child, as a means to redress the unintended or undesired consequences of our own actions or a perceived problem in society? How can any country, any person, any figure of authority claim to be powerful when within they are blinded in conscience as to where true power rests? That power is given from God, through God – that being the power of Love; for He created us in Love to love.

With this in mind, Heaven has given many words about the prevalent immorality today and its detriment to humanity. Here are a few:

"...I want My people to turn back to Me, to pray and to love one another, and to have mercy on one another, so that I will have mercy on them. This is My message: I am a giving God, but will not give any longer until My people return to Me by loving one another! Drugs, sex, abortion, money and power all manipulate My people. There is much evil in the world, because My children have selected these ways. What restrictions they place on themselves! If they would just turn to Me, there would be no limitations to the great bounty of gifts I would flourish upon them. This is a truth you must know. You must see the world as I see it. You must pray for them. I have waited a great length of time, and will not wait much longer. ..." (IAYJM LESSONS Vol I #8 11-10-88)

"...There is division because of the conflict which exists in the moral values in the world. My little, little children do not alter your standards of following the Gospel in order to satisfy the needs of others. Never deviate from the Truth of His Word. You cannot please men by jeopardizing your freedom and living deceitful ways of life. The only way to freedom is by living the Truth outlined by My Son. He has given you His Word. You cannot change His words and live dishonest lives and conceive that Peace could even exist. There is only one way and that way is the Way of my Son in His Word of the Gospel. He is your God. There is only one God. I plead with you that you hold fast to His Word and not deviate from His stance on Truth, or you will suffer tremendously through the hands of man. I love you, my little ones, and bless you. I

desire you to be happy and free, but you must return to God and live the Truth of His Word. *Killings of all sorts*, greed, abuse, selfishness, anger, malice, dishonesty, adultery and other sexual disgraces, both self-induced and those on children, men and women, are vices which prevent your freedom. Reconcile your sins and live in His Truth. ..." (OLOE Public 02-24-94)

"...Remove the idolatry you have formed in yourself and have placed higher than He. He is your God, and I have been allowed to come here to implore you to focus on Him, trust Him and return back to Him. I plead with you not to advocate abortion as a form of population control. My little ones, please notice the destruction and desolation and desecration which result from destroying the Temple of God. Life is your gift. Life is a treasure and not a burden. Abuse it and my Son will take it away from you. Please heed my warning in His Name. ..." (OLOE Public 04-28-94)

"...I desire all of you to be happy and free from the stain of sin. I bring to you the words of God's Love so you will know that you are not alone in these times of confusion and despair. God is with you. His Love and Mercy are unending. There are many children joining God's army of love. It is your prayers and fidelity to God which defeat the forces of evil. My little children: pray together in your families. The family unit is disintegrating. Join together in the family, and pray for the family unit. The family unit, as you know it today, is changing. People of the same gender are joining in marriage. This is not God's desire. The Sacrament of God's Love in marriage is for man and woman. The fruit of this love is to bear children and to bring them up with good morals. Look to the Holy Family as your example. Children today are facing tremendous confusion and destructive circumstances from being surrounded by this horrible abomination from sexuality of the same gender. Defend the family unit as God your Creator designed. In order for the family to triumph, each family must pray every day as a family for the family. ..." (OLOE Public 05-23-96)

"...There is a tremendous amount of evil today. The evil one would like you to be unfaithful. He would like you to lose your graces and be filled with tears, suffering, bitterness and misery. Clouds of evil are thickening & closing in around the Church. The actual Word of God is publicized as a piece of literature. There is a movement to modernize the Church. Those seeking religious life are being taught liberal theology in many places. There are many people being taught that the Sacraments do not need to be valued and kept holy. This modernization places you in a very dangerous position. There are many financial & liberal groups and even clergy who would like to see my beloved Pope (John Paul II) voluntarily resign his authority in hopes to gain a false freedom, unity & a modernized world. The obstacles preventing this false unity are current moral issues held in high esteem by my beloved Pope, such as abortion, sexuality & euthanasia...." (OLOE Public 04-28-97)

"...There is a great deal of evil and corruption in this world. There are many people afflicted with an obsession for material power. The value of money has become the forerunner to prestigious rank, power and influential tactics, over simplicity. There is so much impurity today that the children growing (up) do not know the difference between good and evil. They think actions of impurity are an expression of their freedom. There are little devotional exercises to the design of God. The family unit today is disintegrating because many people have chosen to stray from prayer and devotional exercises. Their devotion is to a freedom masked with pride, apathy, crime, sexual pleasures, worldly enticements and atheism. The subtleties of evil are

infiltrating at every level.⁸⁷ You must come into the safety of my Immaculate Heart and the Sacred Heart of Jesus before it becomes impossible to separate from the corruption. ..." (OLOE Public 06-26-97)

"...The Church is being attacked by Satan at every level. There is great indifference which has caused her to be persecuted. Because of the lack of family prayer, vocations to priestly and religious life are few. Many youth are no longer taught of the tremendous importance, power and blessing to be a servant of God. The destruction of the family unit through divorce has affected the Church. Children's values are being threatened, and their very existences are in danger through the support of abortion. They are growing (up) in a world of indifference and are exposed to moral impurity. As a result they will not consider religious life. Many priests today are overwhelmed with administrative duties, and as a result their prayer life has been jeopardized. The Church does not need priests and religious who do not pray. ..." (OLOE Public 07-03-97)

"...Humanity has been struck so hard with impurity and perversion that there are many souls who are confused, lost and hypnotized. It is my Motherly plan to intercede for my children and bring them to Jesus so that they may be rescued from the grip of the evil one. ..." (OLOE Public 07-10-97)

"...(A)s you live His message of peace, love, and justice you will be threatened because of His Truth and proper moral values. The dignity of every human being is being threatened today because of modern issues of human sexuality; and if you follow the true Way of My Son, the Christ Child, then you will be ridiculed in society. It is the parents who are responsible for nurturing the children's faith and teaching pure moral values. It is the grandparents' role to support the parents in bringing the children's faith to fruition. With sound principles, then the children grow and become who God created them to be, as they search and live God's Plan. Then as parents you must let them go so they can be all of God's children. But in today's world more time is spent in teaching children about success, money, prestige, fame and power through subtleties which they are practicing in their home life. Therefore their maturations are fortified in worldly enticements instead of spiritual and religious beliefs. Then when pain and suffering come, they do not look through the eyes of faith so that their suffering may be redemptive; and their suffering then has no value or meaning. Death becomes a fearful process, and suicide and euthanasia become appealing. ..." (OLOE Public 12-23-99)

"...If the world continues to ignore the importance of prayer and moral ethics and does not restore them to their rightful place, the world will suffer a tragedy of a world war as never witnessed before in history. ..." (OLOE Public 02-17-00)

"...There are many things I desire to tell you. One is that many people have rejected me because my message is one of challenge. Oh yes, indeed, I pre-warned the world of the events that were to happen in September, 2001, but also I have pre-warned the world that if abortion did not cease and moral ethics were not changed back to their rightful place that this world would see a devastation like it has never seen before in the history of humanity. I pre-warned the world of the devastation that would happen to the children and about the exponential rate at which the children are being exposed to demoralizing values. I pre-warned the world of the effects of crime and natural events that were soon to hit this country and the whole world.

Many people rejected these because they did not want to hear messages that caused them fear. I invited them not to be afraid, that there was no time for fear but only time for change. And yet, many people chose to believe that they were more righteous and rejected my words from heaven. So now, in the midst of such turmoil, pain and suffering, I your Mother weep for all my children who rejected my words because even now they still reject them and choose not to believe that I pre-warned them. They choose still not to return to God and give Him the glory which is rightfully due to Him. Many people are Christian in deed only. Many of them are even so-called “Catholics”. But the time will come, and I your Mother pray for them, when they will know the truth. I pray that they will be able to accept the truth in their hearts and be merciful to themselves and rise to a new level: For God forgives those who can forgive themselves, those who really truly struggle. You have all been chosen. ...” (OLOE Private 06-08-02)

“...Humanity oftentimes passes by the desires of God's Will, which have been outlined in His Commandments written on stone, and carelessly takes to itself the resolutions and answers most pleasing to itself. However, God's answers are not always the same as those of humanity. The Truth must be lived under obedience to God. Humility falls under obedience; and obedience to my most beloved Pope will outline for you everything that is necessary for moral values related to life, to the production of life, and to the scientific nature of things (including fetal stem cell research) as they relate to the cures and well-being of people with serious diseases....” (OLOE Public 10-17-04)

“...The world, as you know it, cannot continue, if it continues in this format of greed, neglect, and the lack of moral values, and with this false sense of safety and of being indispensable. ...” (OLOE Private 10-22-07)

Look to God! “...Children, you all possess the same Spirit of Grace that God has gifted you. Why then do you tear one another apart? Why is there not harmony and unity? My Son's Peace is that of holiness and justice. You do not realize the tears, the penance and the sacrifices made at a price for your existence! There are hidden heroes around the world whose love is their life's mission. They pray to love; and oftentimes they come between you and God, warding off Divine punishment. They pray for a spiritual transfusion and for conversion of hearts. It was the same during the time of my Son. The Pharisees, the Sadducees and the Scribes did not bear fruit through their repeated sins. They desired to persecute, to conquer, to dominate and to distort the goodness of my Son and the Truth of His Word. Is it not the same today—with “pharisees” living with hardness of heart, desiring to tear down, persecute and dominate? Is there not lust, gluttony, hatred and selfishness? So today, I can tell you that true Charity will be precisely gifted upon those who are scorned, mocked, persecuted and laughed at. Little ones, when something is real, you cannot stop God! No judgment from men can impair or influence the Judgment of God. You would only be fighting God. I am your Mother, “full of grace”; and my Merciful Son has allowed me to distribute these graces to you. I have a duty as a Mother to warn, to challenge, to protect and to draw all people to God. Please, receive these graces while I am still allowed. Seals (Rev. 6:1-17) have been broken one by one, but if all the seals were broken at once, humanity would not be able to survive. For those who have ears, hear! ‘We are not leaving.’...” (OLOE Public 07-03-08)

Threat of Disease and Pandemics^{88,89}:

“...Love cures every ailment and is the healing balm to hatred. Love strengthens the soul and can cure any illness. ...” (OLOE Public 12-21-95)

“...Know that God loves all of you very much. Accept with complete willingness, all that He sends you, even if it be hardships, disappointments, failures or illness. Deny Him nothing. Serve Him with all your hearts, with generosity and unselfishness. Labor for God alone and love Him without seeking personal advantage. God will give to you all good things. He will care for you and protect you. Immerse yourself in His Love. Be loyal to Him all the days of your life. Whatever He does to you is done because He loves you far more than you love yourself. Even in times of trouble or affliction, Peace will come to you as soon as it is for your best interest. ...” (OLOE Public 04-18-96)

“...Do not be saddened when you are afflicted with trials. Be convinced that Jesus allows all that happens for your eternal happiness. It is to your advantage and for your spiritual growth. Have a loving recourse to God. Jesus is your Redeemer, and His sufferings surpassed yours. Accept the cup He offers you, no matter how bitter. The time will come when you will be able to see the outcome of your trials, and you will desire what He wishes for you. Do not hesitate in accepting your Cross. Jesus is your Savior, and He is saving you from terrible consequences which would jeopardize eternal happiness. He rescues you, yet you complain from the blindness of your heart. It is only ignorance which allows you to so boldly question why Jesus permits things to unfold. Little children, God loves you and He desires you to be happy. He sees what is necessary for your soul to gain eternal bliss. Do not complain or despair when you are faced with trials. God has allowed them for your salvation, whether they consist of illness, loss of a loved one or persecution or loss of wealth. ...” (OLOE Public 06-13-96)

God is with you and all that unfolds is for your salvation. “...I am here to tell you that until prayer is placed at the center of the lives of science researchers, and genuine love the fruit of their motives, as well as the motives of the medical industries, many cures will remain puzzling and researchers will continue to walk in circles. Self-righteousness, fame, power and prestige are current obstacles to medical advancements. The stone which the builders rejected is the cornerstone. Jesus must be the foundation for any lasting effects of life to be sustained and bear good fruit. I love you, little ones, and ask you to pray for your countrymen who suffer. Pray for all those involved with medical research and all people who have manipulated health care costs in the medical empire which has resulted in the suffering of innocent people. ...” (OLOE Public 05-01-97)

“...It is far better to be prepared now, than to wait for illnesses, misfortunes or any threat of catastrophic events. It is better now to be there, safely within my most Sorrowful and Immaculate Heart and the Heart of my Son. ...” (OLOE Private 10-12-07)

“...There is so much suffering from disease in the world today, little ones, especially in those who suffer from the AIDS epidemic. The family unit is the victim of such suffering. Precious children are suffering, and mothers feel they cannot protect them. Mothers are suffering, and children feel abandoned and alone. Fathers are suffering from the loss of interior strength and ability to save their families. Sons and daughters are suffering from the effects of rejection by society. Satan would like to

destroy the family unit through deception in the power of free choice, freedom and gender, and eliminate the role of woman as mother completely. Only a woman can bear children, and the role of a mother can be filled only by a woman because she brings forth life. The AIDS epidemic is a direct attack on the family unit, but God in His Mercy shall prevail. Many people may find it difficult to connect God's Mercy to AIDS, and many may only see His Mercy towards the precious souls who suffer from this disease; but truly the effect of this devastating virus is an act of God's Mercy on the entire human race. It is a reflection of the effect of sin on each human soul and portrays the struggle which occurs when the precious gift of life is denied from its inception. It is an act of God's Mercy, little ones, not an act of punishment. To deny this truth would only spurn God's Mercy. Peace to you. I bless you in His Holy Name, and I take your petitions to His merciful heart. Thank you for listening. Save the family by returning the dignity of motherhood to its proper place. Save humanity. ...” (OLOE Public 03-16-00)

“...After awhile, you will see a time when there is another body in orbit around your solar system, coming between Earth and the Sun and leading to tremendous devastation. Approximately 60-70% of the world's population, as you know it, will cease. Of those who survive, 60% of them could die of disease and starvation. Prayer is an answer! Prayer can mitigate much of anything to come. Love and unity must be at the forefront, not survival of the fittest. ...” (OLOE Public 06-01-08)

Some Few Other Warnings from Our Lady, Our Lord, and God the Father:

“...This country and world will only continue to spiral down until peoples are humbled on bended knees. ...” (OLOE Private 09-29-08)

“My Son is tired – very tired! The faith in God is forgotten. The time is coming when every man and woman on this earth will know that God exists. All will have a glimpse at the state of their (own) soul. Those seconds will seem like eternity.” (OLOE Public 8-27-92)

“...My dear little one, My children who perform My works of love and mercy are continually judged falsely and are scandalized by others. This is because the poisonous venoms of resentment, jealousy and pride continue to seep into the wicked who thrive on self-love. They judge My beloved ones falsely and attempt to spoil the good fruits of charity. How impure are the motives of those who scandalize the virtuous servants of Mine! How this human generation has become blind to its own dignity! Do you not see that those who are chained to the vices of envy, impatience, jealousy, gossip and hatred, are slaves to sin? They no longer are great but have become small, and are no longer rulers but have become slaves to the prince of darkness. That is why the prince of darkness, Satan, was hurled down from the heavens. His pride and jealousy caused him to boast in self-righteousness and self-love to the point that he would have no glory shared with any human being. He wanted all for himself. From the poison of envy, pride and jealousy grew an incurable hatred which resulted in death. ...” (IAYJM LESSONS Vol V #10 03-26-95)

“...Please listen to my words, for I speak from Heaven; and ponder the Truth in your heart. Time is soon at hand when great trials and tribulations will unfold through God's Mercy. It will seem endless. There will be continual devastations and disasters naturally, humanly and spiritually, which will pour out on the world until God is adored

in His Sanctuary and His people are purified. Pray you will be able to persevere and endure the bowls of purification to be released soon by God's angels. It will seem as if evil has won the battle, but my Immaculate Heart will triumph and will be victorious in the end. ..." (OLOE Public 05-02-96)

"...Each day closes in on more chaos & confusion in the world. It is necessary that you all be detached from the possessions of the world. If people continue to walk in the path against the Truth of God, the hand of God's Justice will pour forth on this world as never before. Demoralizing values and deception cannot continue. Offenses against God must subside if humanity is to be saved from eternal death. I have told you that God is merciful & loving. I have asked you to return to Him for he awaits your love. How much longer do you think terrible abominations against God can continue before destruction of your world happens through human hands? ..." (OLOE Public 07-11-96)

"..The time is coming, little ones, when Jesus will create a new heaven on earth. Pain and suffering will cease, and His people will live not only a mere few years but rejoice in the fullness of life. Yes, your merciful Lord is coming and shall renew the face of the earth. You, beloved children, will leap with joy. Your hardships will be forgotten and you will no longer grieve or go hungry. The Lord will be your delight. The time is approaching when the world will be renewed. First, however, this world will be purged of its crimes against God. ..." (OLOE Public 04-16-98)

"...Do not lose hope. Do not despair. Speak the Truth. I have spoken of this many times in order to help you focus on Jesus and to not become distracted by the confusing ways of the world. You must be solid in your commitment to follow the Way of My Son if you are to be planted on sturdy ground for future events of purification. You are about to enter an era of cleansing which will lead to peace, true Peace in My Son. I am not speaking of peace in the world as you know it to be. I am speaking of God's Peace. In order to receive His Peace you must be enlightened with His Truth, accept it, embrace it and live it. All people will have the opportunity to choose Life, the Truth and Peace. Sinners will have the opportunity to come back to grace and holiness. This is the place, the Center of My Immaculate Heart, where My Son's Divine Mercy will be unveiled. In the Name of the Child Jesus, I place the seal of protection against evil upon your souls, sanctified by grace for My Son's glorious reign. All hearts must be purged of iniquity and renewed with His Love. This area, the Center of My Immaculate Heart, is a refuge for all my children, my "little" children. ..." (OLOE Public 10-21-99)

"...Many people have different interpretations of my words, which are causing fear and confusing discussions. I have said that perfect Love casts out fear, and Satan cannot love. Do not focus on fear, but instead focus on changing your old ways to new ones of honesty, love, compassion, and works of mercy. My Heart is sorrowful to see people motivated by fearful circumstances. Why is it that I must speak of future purification to gain your attention? All words from Heaven I speak on behalf of My Son are of equal importance, whether they be words of comfort or words of challenge. Little children, if people loved the Word of My Son in the Gospel, there would be no need of my visitation. It is because there is a large percentage of the world who are indifferent to His Truth that I come to plead and invite all to return to Him. There are so many deceptions and demoralizing issues which have infected the world. Many people don't know what is God's Truth. Unless people become centered

on Jesus in prayer, His True Presence in the Eucharist, and unless they live a sacramental life, His Truth will only continue to be diluted by the pollution of sin, and fear will become the end product. All of My Son's works stem from Love and Mercy. He is not vindictive. If iniquity is to be purged in sinners, God allows it only so all have the opportunity to share in His glory. He can only love, and any purification is an act of His merciful Love. You are mistaken to think God destroys life. Humanity is responsible for the destruction of life through rejection of God's Truth. Cease desiring to be served, but desire to serve. ..." (OLOE Public 10-28-99)

"...Another indication (alerting humanity to the times we are living in) is when you see environmental devastation and massive numbers of fish dying because of polluted water and disease. ..." (A reference to a 1989 prophecy taken from a transcript of "Unbridled Mercy"⁹⁰ a Mercy Foundation documentary on the private revelations associated with Our Lady of Emmitsburg released in 2000)

"...Little ones, we are embarking upon a new era. In this era you must remember, as we have mentioned today (in the readings from the Mass), that Jonah went forth to Nineveh. In Nineveh he proclaimed that in forty days there would be the complete wrath of God upon them unless the people changed. Those people suffered, dressed in sackcloth, made offerings to God, and they changed; so God resisted and made changes in the world. God relented, and He did not carry out what the prophet had warned. Today I have sent not only one prophet, in my daughter (Gianna), but I have sent many prophets. And who is listening in the world? Many desire to go off on their way, under their own control and their own ways of thinking and discernment. Everyone has a different opinion. Because of free choice, everyone seems to be going a different path. Because of this, I can tell you that what is coming upon this world is different than what happened in the days of Nineveh. I would ask you to pray about this, and know that you must each make a change in your own life, not just you who have been challenged and are making changes, but all those whom you can also challenge to make their own changes. When the day comes upon you, it shall be swift. You will not have time to bring forth your children. You may not have time to bring forth your spouses. You will have time only to make amends with God Himself. So I would invite you this very night to be prepared, more so than ever before in your lives. I can tell you that we are on the edge of war. This is not a war between peoples, but this is a war in the heavens. This spiritual war is quite evil indeed. Many lives shall be lost, but many more souls shall be lost. However, it is better to die in the faith of Christ than to live in another world without Christ Himself, in a world dwelling in darkness. So I invite you to make it known to those around you and to be prepared; for this new time we are entering is a battle, not only spiritual but perhaps physical. I invite you also to invite those others you know to come forward and to be prepared. Days are coming upon you, sooner than you know; and in those days, there will be more mourning and weeping and sorrow. Many shall blaspheme my Son and many shall walk away from Him. ..." (OLOE Private 01-26-03)

"...We are embarking now on the new beginning, the first phase of the unveiling of My Divine Mercy. When humanity realizes the trouble in the world, they will look for My Mercy. They will realize that they are prisoners to a few people who control their lives through power, and materialistic and monetary means, both in the Church and in the world. People will come to look for Me, and I will reveal the Truth and ratify My prophets. ..." (Our Lord Private 04-29-03)

“...The world continues to be in turmoil because the world continues to desire only what the world wants. Leaders desire to continue to be leaders. They forget how they became leaders. So the world has turmoil. I have given a choice to all my children; and I have outlined the plan for freedom and Peace, not for just a moment, not for just a day, not for just a week, a month, or a year. My plan was a plan of Peace where mankind could live in unity and harmony without friction. Humanity could join together in a new tomorrow without suffering, the suffering that men impose upon one another. Granted, suffering will always exist because of man's humanness; and as long as there is sin, there will always be suffering. However, my plan was one to allow humanity to join together, all continents and nations, to live freely together in Peace. My sadness comes because so very few of my children have responded. So many of them are afraid of what is real and what is not. Yet they are not afraid of themselves... Fear should never be directed towards God, except for the fear of God Himself.... the turmoil to come is not what God is giving as much as that for which humanity is asking. ...” (OLOE Private 06-22-03)

“...Little ones, what is happening today is tremendously evil. There are so many good people who are trying to be devoted to my Son and to do the best they can do as humble servants. They shall be rewarded with a crown of glory. Yet, there are many other people who are trying with all their hearts and exhibiting tremendous evil. Through this evil they are trying to destroy humanity because of their thirst for power, materialism, and their own self-seeking glory, not that of God. These enticements initially seem to escalate and become most powerful and glorious in the eyes of humanity, yet most destructive. Many people remain hidden underneath a veil that allows them to seem that they are very much like quiet lambs. However, I can tell you that the veil will be lifted soon enough, and their own ways shall trip them and cause them to know and will expose the truth of their evilness and their deliberate actions. ...” (OLOE Private 03-18-04)

“...Perhaps the world has heard too many messages to believe that the Truth is about to unfold on those of humanity who continue in their own ways. Those who devote themselves in prayer, in charity, and in love and kindness are redeemed. Those who displace and push Me aside, and who do not pay attention nor even care, acting as if another century or two or even hundreds of years will unfold before any happenings, are misled. It is far better for you to live today as if it is your last. It is far better for you to give of yourself as if it is your only opportunity. It is far better for you to love your family members more than ever before, as if one will be taken away instantly. It is far better for all of you to join together as a community in love and to work together in the fruition of My Holy Will. Words I have said throughout the generations; and each time they are said, it seems there is less attention paid to them. If you cannot heed My Words of Truth now, then how will you heed the words in the human world, coming from governments - from counties, states, and nations? How will you heed their words? **Chaos!** Prepare as if today is your last, and in joyful anticipation for those who are children of Mine, the sons of Abraham, Isaac and Jacob. For you, your preparation is at hand and welcomed. The reward of your redemption and safety and a new dwelling place is now. ...” (WOGF 01-08-07)

“...If this world knew the tremendous danger it is currently in, many people would simply just panic. There would be chaos! What is necessary is to trust in God, to be ready at all times to meet your Creator, and to be the Light of Love and an example

for all to follow; so that those, who do not know the Truth, can come to know Him. Even if people walk away, all are invited to return. There is no favoritism in God's Love. Yet, the people of the world continue to move on, day by day, as if there is much time to spare in their lives—simply day to day. It is far better to be prepared now, than to wait for illnesses, misfortunes or any threat of catastrophic events. It is better now to be there, safely within my most Sorrowful and Immaculate Heart and the Heart of my Son. The world, as you know it, cannot continue, if it continues in this format of greed, neglect, and the lack of moral values, and with this false sense of safety and of being indispensable. Look to God! Your whole life and your whole dwelling should be as if today was the end, tomorrow the beginning. How do you convince people, even persuade them, to know the Truth? Words alone cannot, or will not, suffice. Your actions and your way of life will be the motivation. And if all should die, but just one lives, then you have been an instrument of the Most Sacred Heart of Jesus. I love you because you love my Son. I love you, even if you do not love my Son. I will never leave you. I will always be with you, waiting and graciously interceding on your behalf. ...” (OLOE Private 10-22-07)

“...You see so many natural events which are catastrophic, and you see many other events caused by humans which are also catastrophic. Do you not see in your midst that through your free will you are creating your own devastation by your own hands? My creation was beautiful! Your creation will destroy itself. It is only a matter of time. With your continual rebellion against My Word and with your rebellious hearts against other people, with your indifference and demeaning ways and actions towards one another, you will find sooner rather than later the world you live in filled with fear, chaos, anxiety, crime, anger, violence, perversion and deception. Then, this world as you know it will turn one day, through My intervention, into a world of beauty, not as you know it, but as I created it to be. But sorrowful will you be through a change that is painful and filled with suffering, because of the lack of trust, even by those around you. Return and know the Truth! Stop judging. Stop condemning. Stop humiliating and tainting good names. How sad the day for you when you find out the Truth and your error is revealed! Do not wait, for you do not know the time or the day. Listen to My most beloved servant and handmaiden of My Son. Listen to her (Mother Mary). She is a gift, and you are wasting precious moments with her. How sad the time for you when you are revealed the Truth! ...” (WOGF 08-08-07)

“...Perhaps the world has heard too many messages to believe that the Truth is about to unfold on those of humanity who continue in their own ways. “...When the time comes where there is chaos and hardships, how can you run to a Father looking for advice if you have not listened or put into practice the advice I have given before? ...” (WOGF 07-08-08)

“It’s time.”

(Our Lord to Gianna Christmas Eve 2003 appearing as a youth 5-6 years old)

- “Come, Come Now” -
Our Lady of Emmitsburg Invites All
to Come to
The Center of Her Immaculate Heart

The Foundation remains committed to helping all those who might have the question: “So, about all this, what can I do?” In answer, we will make some practical suggestions in coming newsletters and other communications. However, today, as a first such suggestion, we would like to remind everyone of an invitation promising great benefit indeed!

Our Lady of Emmitsburg continues always to invite all people of all faiths to come to the Center of Her Immaculate Heart, the Emmitsburg Maryland area. On June 6, 2002, Our Lady told Gianna Talone-Sullivan and a small group of her Ambassadors:

“...For it is a new era and here it commences. Here it starts, with me your Mother, the Queen of all the heavens, the Queen of my Son, the Queen of the universe. I am here in Emmitsburg. I am here at the Center of my Immaculate Heart. I am here in the United States of America. I am here at the center of my Son’s Divine Mercy. I am here to be with you for all time! For now is the war in which evil will be slain; and we shall be victorious because we love God, and those who love God can only win! ...”
(OLOE Private 06-06-02)

A year later she said in a private message:

“...This country is consecrated to me. Because this country has been consecrated to me, I will watch over it. However, I can only watch over those who desire me and wish for me to protect them and guide them. If they do not wish my presence, then they do not wish my Son's Presence either, because of the Covenant of Our Two Hearts. He became Flesh because of my blood. He is God; I am not. But He, being Divine, became Man to save humanity through me who was not only sinless but also shared the Blood which He carried in His Heart and which He shed and poured forth for all humanity. I continue to say that I am here, that this is the Center of my Immaculate Heart, and that I will not leave, because this is where my Son is. But if people continue to be so afraid and so rude, not only to other human beings, but so offensive to God Himself, then even though **We will not leave**, there will be a price for them to pay for the offenses they commit against His Most Sacred Heart. Those who desire to remain protected and secure need only to fulfill my Son's desire for the sacraments, as well as for prayer and charitable acts for not only the poor but for even those who are righteous. Those who continue to judge and to be ruthless and defiant against God through their pretentious knowledge and arrogant ways will suffer a price, because those who follow Christ must be pure. He will not relinquish His ground because this is His plan. St. Elizabeth Ann Seton is there by you, protecting you and reclaiming my territory through her intercession. ...”
(OLOE Private 07-03-03)

And then in the summer of 2006:

“...The more you pray, the more you will be enlightened to know all the blessings and graces you have received and the faults that you can change to become holy. As your Mother I love you, and I will always be by your side. I will never leave you. It is my

desire for so many people in the world to know how much God loves them; but as I have said, there are few listening; and if they do listen, it is only temporarily before their old ways come back. Everyone desires to believe that they do not need to change, and that before the eyes of God they are all-pure. What an awakening it will be for them when God the Father unlocks the bowls of purification! ...How blessed you are that God has allowed me to come here! How many more graces the people, especially in this country alone, could receive if they but only opened their hearts and would come. I would even invite them to come out of curiosity so that they could see the Love of all the others praying and could receive the blessing from Heaven that is life-changing. Thank you for your continued prayer, because your prayer is your protection, even against maladies and life threatening diseases, against natural disasters and any man-inflicted acts of terror. Prayer is your greatest tool because it keeps you centered and focused on the Truth, the Truth of God Who is the Father, the Truth of the Son Who is Jesus, and the Truth of the Holy Spirit, without Whom, you would never be able to discern or know the Way. ..." (OLOE Public 06-20-06)

Our Lady of Emmitsburg has told Gianna Talone-Sullivan that she is not witnessing very many people flooding the mail and media or speaking on behalf of God and imploring Her Church as a loud voice to allow – no, not just allow, but to encourage – pilgrims to come here and pray, even in the absence of her messenger Gianna Talone-Sullivan. Our Lady stands poised to pour out God’s graces and blessings abundantly on all those who come here – here to the National Shrine Grotto of Lourdes, here to Mt. St. Mary’s Seminary and University, here to the Basilica Shrine of St. Elizabeth Ann Seton, here to the parishes of St. Josephs, the St. Anthony’s Shrine Parish, and St. Mary’s (Fairfield) with St. Gaetano Errico Adoration Chapel. Come also to the Center of Divine Mercy.⁹¹ Yes, the future and the historical fate of what is at stake at this Center of Her Immaculate Heart rest with all of us who have been called and who believe. Now is the time for all of us to rally to the forefront, or all may be lost! As we serve as messengers, we must strengthen the discipleship of others and lead them and help them to understand.

The Foundation of the Sorrowful and Immaculate Heart of Mary stands poised to help Our Lady do just that! So let us pray and let us rejoice in proclaiming from our hearts, in the streets and from the rooftops, in the mail and on the internet and all public media we have access to:

Come! Come!
Come to the Center of Her Immaculate Heart!
All are Welcome!

By unanimous consent, this “**Foundation Action**” in effect July 4, 2009, is approved by:

- ³⁶ Here below are some observations regarding some justifications some of the residual few whom, not being able to refute any of the "Five Points Important to Remember", seem to have adopted. These few including those:
- Who for whatever reason, remain either unwilling or unable to cast off or remedy their own inordinate personal suspicious umbrage by seeking to be accurately and truthfully informed; they seem to remain uncomfortably seeped in their own unfounded suspicions and ignorance regarding the matter.
 - Who embrace the age-old false idea that the 'end' of 'preservation of unity' justifies improper 'means' in its attainment. Thus they justify attempts to attain or preserve unity by believing fallacy true and defamation and assassination of character licit.
 - Who with disinterest, complacency, and indifference, are apparently satisfied with the 'status quo'. Thus, they remain comfortable in a certain kind of torpor, not wanting to face and accept, be bothered by, or simply find annoying; the implications of a visit by the Mother of God, who calls for and announces change, Heaven's change; She who invites all people to return to God.
 - Who like the archetypal wolf in the English folktale "The Story of the Three Little Pigs", encounters the house of 'The Private Revelations of Our Lady of Emmitsburg' built with bricks of truth. And, being unable to find valid proof of inauthenticity, say: '...I'll huff, and I'll puff, and I'll blow your house in.'" The wolf's result: "Well, he huffed, and he puffed, and he huffed and he puffed, and he puffed and huffed; but he could not get the house down."
 - Who assert inauthenticity because they are suspicious that the Archdiocese possesses some secret or hidden undisclosed invalidating information not referenced or known externally and thereby fallaciously attempt to justify that Gianna-Talone Sullivan is certainly a fraud, or

label her defamatorily as an inauthentic visionary prophet. A suspicion does not a truth make.

- Who socially isolate and entomb themselves as hidden in shadows and in darkness. They hold and assert their personal complaint, gripe, or erroneous viewpoints only to those who, for whatever reason, still remain able to lend a sympathetic ear without posing the uncomfortable challenge of reason and truth. Thus, clinging to fallacy, they come not out into the light so that it is plainly seen that what they do is done in God, and what they hold as true is actually so. In fear, they often find ways to anonymously express their doubt. Often with wrath and a peculiar, repelling, and obstinate self-righteousness, they then blame Our Lady of Emmitsburg, the visionary prophet, or believers for, what they perceive, is a loss of friends. While they ostracize believers, it seems that same punishing sentence is self-inflicted; it sadly results that they end up isolating themselves. They stubbornly do not make honest personal attempt, and they resist all efforts of others, to gain liberty by informing themselves with the truth and cling desperately to the reputation as one who has 'staked a claim' that the private revelations are inauthentic. It is as if possessing an excess of pride, they can neither acknowledge their own error, fault, and wrong - nor the truth.

Unfortunately, there are accounts where these unreasoning incredulous 'birds of a feather' have flocked together for mutual support with the result: erroneous ideas, calumny, defamation and unjust actions are perpetuated and multiplied. It is a mystery of grace and of iniquity why this continues. God is Love, His mercy unfathomable!
